

# DAYMIAN J. MADRIGAL VASQUEZ

## About Me

Hello, my name is Daymian J. Madrigal Vasquez. I am currently a student at Clovis West High School, with an expected graduation year of 2026. In addition, I attend the Center for Advanced Research and Technology (CART), where I further develop my academic and technical skills. Outside of school, I create content for YouTube and work part-time designing and developing websites.

## Expertise

- HTML
- CSS
- Video Editing
- Blender

## More Information

- E-Sports Club
- Track and Field
- Content Creation
- Caster for Tournaments

## Experience

### Trion Supercars

**2024 - 2025**

Worked on a website for Trion Supercars. I made a interactive sidebar that has an ease of use. Along side this, I made the page to show off the cars models.

### EECU Calculator

**2025 - Present**

Working on a EECU Calculator to manage your money. Making the low-fidelity prototype, and high-fidelity website.

### Website Development

**2025 - Present**

Working on a website for a community-based group called "flow." I have made every aspect of the website, including a custom profile for all 52 members, tournament earnings, and a home page.
